**Ratliff and Huddleston Confident Normal Will Be Taken Care O. Legislature May Not Adjourn Till Friday.**

Evening New Special

Guthrie, Okla, March 16—The Normal appropriation bill has not been reached on account of the time consumed in considering other bills of state-wide importance It is thought that the house will reach the normal bill tonight if they should have a night session It looks as if legislature will not adjourn until Friday Messrs Ratliff and Huddleston are perfectly confident that the Ada bill will be reached and passed before adjournment

### MORE VICTIMS TALK.

**Tell of Their Losses Through Maybray at Council Bluffs.**

Council Bluffs Ia March 16—Howard Simpson a Spokane Wash real estate dealer furnished the sensation in the United States District court today in the trial of John C Mabry and his associates charged with fraudulent use of the mails

Considerable mystery surrounded the manner in which Simpson had secured the volume of information he vouchsafed in the case He indicated clearly, however that he had been in touch with the leading defendants in the case for many years

The government introduced and had admitted a directory of about 200 names of men who are alleged to have been identified with Mabray This directory was taken from Mabry s effects when he was arrested at Little Rock Simpson identified the handwriting of each person in the directory

Col Temple prosecuting attorney, stated he considered Simpson s evidence the strongest he had yet introduced

An important witness was George Alberts of Sioux City, who testified to having lost $2 000 on a wrestling match at Denver Alberts admitted he had been solicited to join the defendants in their business and identified a show letter which he received from Bert Shores, a defendant, through the mails This letter is the first of its kind the prosecution has been able to get into the record

James Turner of Myersdale Pa, lost $5 000 on a prize fight in Council Bluffs, in which Clarence Forbes had been his fighter Turner admitted he had been a form Justice of the Peace in Cumberland Md and that he had been concerned in a wire-tapping scheme in Chicago when he first met Forbes He stated he had paid a telegraph operator $500 for his services in this scheme

## BIG RAILROAD STRIKE AVERTED

**FEDERAL AUTHORITIES WILL MEDIATE DIFFERENCES WITHOUT DELAY.**

## MUST BE QUICK, SAY FIREMEN

**If Mediation Is Not Prompt Men Will Be Ordered Out Declares W. S. Carter, President of the Firemen.**

**WHAT A GENERAL STRIKE WOULD MEAN TO COUNTRY**

Scope of proposed railroad strike

Lines directly affected, 48

Mileage, 60 per cent of United States, total 140 000

Men directly affected 30 000

Monthly loss to men in wages $1 800 000

Monthly loss to railroads estimated $10 000 000

Chicago Ill March 16—Danger of an imminent strike of 27 000 locomotive firemen, the throwing out of employment of more than 125 000 other employes and the temporary suspension of business on practically every railroad system between Chicago and the Pacific Coast was averted yesterday through the acceptance of offers of mediation from the Federal authorities at Washington

**Asked by Managers.**

At the request of the general managers of the forty-seven Western railroads involved, Chairman Martin A Knapp of the Interstate Commerce Commission and Commissioner of Labor Charles P Neill telegraphed an offer of Federal mediation to the union officials This offer was accepted W S Carter, president of the Brotherhood of Locomotive Firemen and Enginemen stipulated that action must begin without delay

**At Eleventh Hour.**

The appeal to Washington was taken as an eleventh hour move to prevent a walkout, which, it was declared threatened the greatest railroad strike since that of 1894 Thirty-seven members of the Western Federated Board of the Brotherhood, at midnight last night, formally voted for a strike The hour for striking had been set for next Monday morning, and, the members were prepared to start for their homes some of them as far as the Pacific Coast to put the strike into action when the mediation steps were taken

**Coming to Chicago.**

It is stipulated that the mediators will come to Chicago According to Mr Carter their function will be, not to arbitrate the matters in dispute but to determine what shall be arbitrated The question involves wages which both sides have agreed upon as arbitral, and two other technical points involving promotion and representation of the union, which the Brotherhood contends are but which the railroads claim are not arbitrable

'If the mediation falls through, the strike will go right on as planned said Mr Carter

**Acceptance Telegraphed.**

The acceptance of mediation was contained in the following telegram sent by the brotherhood

Hon Charles P Neill Commissioner of Labor Hon Martin A Knapp Chairman of the Interstate Commerce Commission Matters in controversy involve conditions of employment and increases in wages Committee preparing to leave city but if assurance is given that mediation will begin immediately and in the city of Chicago authority for the men to leave the service of the companies will be temporarily withheld The fact that we have proposed arbitration on all matters in the controversy and the fact that the managers committee have rejected our proposition does not lead our men to expect a settlement f ont mediation but as evidence of our fairness will accept your friendly offices under the conditions named herein. Please answer promptly

'W S CARTER"

In a statement given out tonight the general managers' committee said All prospects of a strike are over There will be none Settlement of the whole controversy by mediation and arbitration is assured

Mr Carter received a telegram announcing that Mr Knapp and Mr Neill would arrive in Chicago Thursday morning

The editor of the Mangum Star, Giles W Farris, has decided to gratify the wishes of his friends and enter the race for the democratic nomination for state printer This will be good news to every man who knows Mr Farris, and especially so to the newspaper men of the state Mr Farris is one of those men whose education was obtained beneath the roof of a country printing office, from where some of the strongest characters of the country have graduated Since he was 11 years old he has worked at the business, and as foreman of the Mangum Star his executive ability and knowledge of those things that go to make up a first-class newspaper, he built up a large plant and when the office was recently taken over by a stock company he was made editor and manager During the years he has been engaged in the newspaper business he has not only won the confidence of those with whom he was immediately connected, but of every man with whom he has come in contact His strongest and most loyal supporters are those who know him best, and if nominated and elected, which he surely will be, the state will have a competent and able man in control of its printing bureau—Alva Daily Pioneer

## HOUSE ADOPTS REPORT ON FEE AND SALARY BILL

IS SUCCESSFUL WHEN DEMOCRATS CHANGE VOTES

Report Differs Slightly from the One Given Monday Night—The Salaries

Guthrie, Okla March 16—With but two votes to spare the House today adopted the conference committee report on the fee and salary bill As it was Representative Ross of Commanche and Smith of Caddo were Democrats egistered against the measu e on final passage and until Bell, Gilmer Glover and Lewis Democrats changed their votes from the negative to the affirmative side, the bill was defeated Other negative votes were Republican members This done Mr Durham of Pottawatomie County, who has been one of the fee and salary exponents in the lower house clinched the victory by a motion to reconsider, and table, which prevailed

As adopted the report differs slightly from that given Monday night A minimum salary is fixed which covers counties of 7,000 and less population, which affects Cimmarron County, the following being the salaries there District Clerk, who is also Register of Deeds, $1,000, County Clerk, who is also Clerk of the County Court, $1,000, County Treasurer, $900, Sheriff, $1,200, County Judge and Attorney, $1,350

**Rated by Population**

The law then begins at 10,000 population, the minimum salaries on that basis being as follows County Clerk, Clerk of the Superior Court, Treasurer, Register of Deeds, $1,300, Sheriff, County Attorney and County Judge, $1,500 Each officer so named receives the fololwing additional compensation, based on population From 10,000 to 20,000, $50 for each additional 1 000 population, 20,000 to 30,000, $25 for each additional 1,000, 30 000 to 40,000, $15, 40,000 to 60,000, $10 for each additional 1,000, thus making the increase from the minimum to maximum salaries $1,100 for each of the offices Under this progression the maximum salaries in counties of 60 000 population will be County Clerk, Superior Court Clerk, Treasurer and Register of Deeds, $2 400 Sheriff County Judge and County Attorney, $2,600

The bill establishes a flat salary of $3 000 per year for all offices before named in counties of more than 60,000 population, which was done to cover Oklahoma County, and is the only one so affected

Clerk of the County Court, who is appointed by the Judge receives $900 per year in counties between 10,000 and 25,000 population, $1,200 in counties between 25,000 and 50,000 people, and $1 500 in counties over 50,000 people Stenographers may be appointed by the Board of County Commissioners and receive $75 per month in all counties up to 50,000 population, and $100 per month in counties over 50,000 population

Judge of the Superior Court receives $2,800 in counties of 50,000 and less, and over that population $3,000 County Superintendents of Health in counties of less than 10,000 people receive $5 per day when serving, in counties of 10,000, $200 per year, 20,000, $300, 40,000, $500

**Positions Combined**

In counties of less than 1,000 people the County Clerk is also Clerk of the County Court and the District Clerk is also Register of Deeds Counties with less than 1,500 people, and an assessed valuation of property in excess of $9,000,000, shall be considered as though the population was 20,000 Population of counties is to be determined upon the 1910 Federal consus, and increased or lowered according to subsequent Federal Counts

In a clerical way the Clerks of Court, etc., may have assistants who receive from $75 to $100 per month according to population, Deputy Sheriffs retain 75 per cent of the fees earned and collected by them, and office deputy in counties of over 25,000 receive $75 per month, thereafter increased according to population, and in no event shall any Deputy Sheriff receive more than $1 200 pe year Sheriffs get expenses when pursuing a criminal beyond the limits of their counties and within the State

The bill passes without an emergency clause, and does not become effective until ninety days after the legislature adjourns, and between that time and the general election only affects such officers as are now paid fees Salaried officers continue as at present until their terms expire All fees save where noted are remitted to the county treasurer, and the officer receives his salary monthly

**Sheriffs Criticised.**

At the close of last night's session the House adopted a resolution by Mr Bell of Caddo County criticising the State Sheriff's Association for maintaining a lobby at the State Capitol They were referred to as "bold and defiant," and the resolution declared that the Legislature should be permitted to perform its work without being intimidated, threatened or bulldozed" The resolution speaks of the million and a half people in Oklahoma as taxpayers, and the sheriffs as tax eaters

Evidently the resolution was not relished by some of the House members, for this morning another was introduced condemning the Bell resolution of yesterday The Bell resolution was reconsidered by a vote of 68 to 11, and then the House indefinitely postponed both resolutions

**Procedure Unusual.**

Although twice killed and supposedly buried the House injected life into the Senate bill creating the office of county assessor, and displacing the township assessors, by a procedure somewhat unusual in legislative bodies A motion was made to reconsider the vote of defeat taken several days ago Mr Ross asked that the bill be returned to committee of the whole with instructions to provide for township assessors, for which Mr Durant offered a substitute to retain the county assessor idea It was mutually agreed that a test vote would be taken, and the house so accepted whether it should be the county or the township idea The Durant motion received 57, and the Ross motion 37 votes The house then took up the twice-killed measure from the senate and passed it as previously amended in the house by a vote of 57 to 37 without an emergency clause

The bill making Thomas a county court town in Custer County was agreed to and passed and the house added the emergency clause to the bill passed yesterday fixing salaries in the school land department

**State Dispensaries.**

In considering the house bill which abolished the state and local dispensaries, and ordered immediate destruction of all confiscated liquors, the senate substituted most of the Billups bill of the regular session, partially reaching the same end As it stands, all local agencies are to be abolished, and the state agency is limited to the sale of alcohol for scientific purposes There would be no sale of whiskey, beer or wine by the state for any purpose under the senate's action For the requirement that confiscated liquors be destroyed immediately upon seizure, the senate substituted that portion of the John Burnette bill which requires shipment of confiscated liquors to the state agency at Guthrie, as soon as adjudicated to the state

The state agency is to sell the liquors outside the state to the best advantage, and after retaining 10 per cent of the net proceeds, as commission, remit the remainder to the county, city or municipal townships where the seizure was made, and there to be applied to the salary fund No attempt was made to adopt the provision for suspension by petition to the governor or officers failing to enforce the prohibition law

**To Help High School.**

Guthrie, Ok, March 16—The city school board has decided to abide by a former decision of asking for a bond issue of $60,000 for additions to the school Election to vote bonds will probably occur before April The manifest need for $100,000 was admitted by a majority of the board, but they feared the larger amount would fail to be acceptable to the people

**Found Curiosity.**

Frederick, Ok, March 16—Samuel Kent found a curoisity this week while digging a well on his place ear Hollister. When down about 11 feet he struck a place with oyster shells and several bones, resembling the bones of a human arm and hand.

Cheap and Big Can Baking Powder is Only Big in Size - Not in Satisfaction—Not in Economy

A large can and a small cost does not make baking powder cheap—or even less expensive than Calumet—the high-quality, moderate-price kind. It certainly cannot make it as good. Don t judge baking powder in this way—the real test—the proof of raising power, of evenness, uniformity, wholesomeness and deliciousness will be found only in the baking.

**CALUMET** the Happy Medium
**BAKING POWDER**

is a better baking powder than you have ever used before And we will leave it to your good judgment for proof. Buy a can today. Try it for any baking purpose. If the results are not better—if the baking is not lighter, more delicious, take it back and get your money. Calumet is medium in price—but great in satisfaction. ## DEMOCRATS AND INSURGENT REPUBLICANS CAPTURE HOUSE

**FOR THREE HOURS CANNON'S REGULARS ARE REPULSED.**

**Contingent Fund of Speaker's Office Cut Down From $75,000 to $50,000.**

Washington, March 15—The democrats and the insurgents captured the house and held it for three hours this evening, just to keep it fresh in Speaker Cannon s mind that they are still in the running In these three hours the insurgents, with the aid of their Democratic allies, cut down the contingent fund of the speaker's office from $75,000 to $50,000 and struck out all authority to repair and maintain the speaker's automobile at government expense They also reduced the contingent expense of the vice president of the United States from $50,000 to $35,000 That is, they did these things if the house does not tomorrow restore them But what gave the insurgents and the democrats the greatest thrill is the fact that three times on roll call they defeated the Cannon machine

The house in committee of the whole had spent the afternoon on the legislative appropriation bill That bill carried, among other things appropriation of $50 000 for the contingent expenses of the office of the vice president, including, among other items, "maintenance, repair and driving' of the vice president's automobile The appropriation for the contingent expenses of the office of the speaker of the house was $75,000 including among the items for which it could be used maintenance, repairs and driving' of the speaker's automobile The cars in each case were purchased last year at the cost of the government, the price being $7,000 for each

It became noised abroad that there was something going on, and as soon as the bill came out of the committee of the whole Representative Bennett moved to recommit in order to avoid amendment on the floor of the house, and on that motion he moved the previous question Had his motion carried the bill would have gone back to committee without instruction The insurgents demanded a roll call, and the bells all over the house office building began to ring a hurry up summons for members On the motion for the previous question the regulars voted yes and the insurgents and democrats no The result was the defeat of the motion, 106 to 93

Mr Foster of Illinois a democrat moved that the bill he recommitted and the committee be instructed to reduce the appropriation for the vice president to $35 000 and for the speaker of the house to $50,000, leaving out all mention of the maintenance, repairs and driving of the automobiles in each case Mr Gillette of Massachusetts, a regular moved to adjourn to avoid a vote Mr Gillett's motion failed, 110 to 57 Speaker Cannon at first had given the preference to regulars, but he now recognized Mr Foster of Illinois, who renewed his motion to strike out the references to the motor cars and reduce the contingent accounts On that motion there was another roll call This time the result was 113 for Foster s motion and 100 against

The bill will go back to committee, and these items must be stricken out Unless the house shall change its policy, when the bill come up for final passage Speaker Cannon will pay for his own gasoline grease, repairs and chauffeur this year The matter in controversy was not of so much importance to the insurgents as their desire to let it be known that if they are to be read out of the party they will at least make themselves heard before they go

## NEW RECIPE FOR CROQUETTES

**Original Manner in Which Sweetbreads May Be Utilized to the Best Advantage.**

Parboil two pairs of sweetbreads in salted water to which a piece of garlic and onion have been added

Throw into cold water with a little lemon juice and let remain 20 minutes Remove all pipes, skins and fat Put through a meat chopper with two hard boiled eggs, a small piece of garlic, a sprig of parsley half a can of good mushrooms, drained, and one truffle To this put half a teaspoonful of Worcestershire sauce a dozen drops of tobasco half a tea spoonful of lemon juice, a good pinch of paprika and white pepper, a little mace and salt to suit taste Put over a fire half a cupful of the water the sweetbreads were parboiled in with a cupful of good rich milk When just warm stir in smoothly a heaping tablespoonful of butter blended with two tablespoonfuls of flour Simmer slowly two minutes then add the yolks of two eggs well beaten Add the sweetbreads but do not boil Spread on large dish to cool then form in any shape desired Run through meat chopper enough blanched peanuts to make a cupful of fine crumbs Dip the croquettes into this, then into beaten egg yolk again into the nut crumbs coating them well and pressing the crumbs into the croquettes well Set them aside three or four hours to dry

They can be made the day before if needed drying all night

Fry a rich brown in clarified butter Garnish with parsley and large queen olives (stuffed Spanish) and cut into halves These are delicious hot or cold

## THE USE OF CANNED GOODS

**Quality Will Be Improved by Attention to Details as Herein Set Forth.**

Commercial canned goods may be advantageously bought by the dozen in the autumn, and they do not seem to suffer from even a poor storage place, provided it is not so damp that the cans rust through If dirty or dusty, the cans should always be carefully wiped before they are opened, to prevent accidental soiling of the contents

Vegetables and fruits canned at home and home made jellies, jams, and similar foods should be kept in dry, airy storage places, out of direct light The cans and jars used should be of good quality, and all the usual precautions of good rubber rings (if they are used), and so on, should be taken

Canning may also be made use of daily for temporary preservation of foods, and it is especially valuable where ice chest facilities are not good When making soup stock a large quantity is made as easily as a small, and the surplus may be poured, while hot, into fruit jars and sealed Boiled milk may be, thus canned, and cooked vegetables which may be at the time plentiful or cheap Mince meat may also be canned, but it will keep a long time in an ordinary receptacle if melted suet be poured over the top

Such canning, especially of soup stock or milk, is only recommended for a few days' keeping, and every precaution should be taken that is familiar in the ordinary canning of fruit or vegetables

### WHEN HER BACK ACHES

**A Woman Finds All Her Energy and Ambition Slipping Away.**

Ada women know how the aches and pains that come when the kidneys fail make life a burden Backache hip pains headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease Doan s Kidney Pills permanently cure all these disorders

Can Ada sufferers desire stronger proof than this woman s words?

Mrs H L Sadler of Coalgate, Ok, says 'Doan's Kidney Pills did more for me than any other kidney remedy I ever used I suffered for more than three years from kidney disease in a severe form My back ached constantly and there were dull bearing down pains through my loins I was also subject to dizzy spells and at times my sight became blurred When the attacks were at their height I was helpless and had to sit down I doctored and tried everything I could think of in the hope of finding relief but I was only helped temporarily Finally I procured a box of Doan's Kidney Pills and shortly after beginning their use, I received a complete cure

Guthrie, Okla., March 16.—The Normal appropriation bill has not been reached on account of the time consumed in considering other bills of state-wide importance It is thought that the house will reach the normal bill tonight if they should have a night session It looks as if legislature will not adjourn until Friday Messrs Ratliff and Huddleston are perfectly confident that the Ada bill will be reached and passed before adjournment

### MORE VICTIMS FALL.

**Tell of Their Losses Through Maybray at Council Bluffs.**

Council Bluffs Ia March 16—Howard Simpson a Spokane Wash real estate dealer furnished the sensation in the United States District court today in the trial of John C Mabry and his associates charged with fraudulent use of the mails

Considerable mystery surrounded the manner in which Simpson had secured the volume of information he vouchsafed in the case He indicated clearly, however that he had been in touch with the leading defendants in the case for many years

The government introduced and had admitted a directory of about 200 names of men who are alleged to have been identified with Mabray This directory was taken from Mabry's effects when he was arrested at Little Rock Simpson identified the handwriting of each person in the directory

Col Temple prosecuting attorney, stated he considered Simpson's evidence the strongest he had yet introduced

An important witness was George Alberts of Sioux City, who testified to having lost $2 000 on a wrestling match at Denver Alberts admitted he had been solicited to join the defendants in their business and identified a show letter which he received from Bert Shores, a defendant, through the mails This letter is the first of its kind the prosecution has been able to get into the record

James Turner of Myersdale Pa, lost $5 000 on a prize fight in Council Bluffs, in which Clarence Forbes had been his fighter Turner admitted he had been a form Justice of the Peace in Cumberland Md and that he had been concerned in a wire-tapping scheme in Chicago when he first met Forbes He stated he had paid a telegraph operator $500 for his services in this scheme

## BIG RAILROAD STRIKE AVERTED

**FEDERAL AUTHORITIES WILL MEDIATE DIFFERENCES WITH OUT DELAY.**

## MUST BE QUICK, SAY FIREMEN

**If Mediation Is Not Prompt Men Will Be Ordered Out Declares W. S. Carter, President of the Firemen.**

**WHAT A GENERAL STRIKE WOULD MEAN TO COUNTRY**

Scope of proposed railroad strike

Lines directly affected, 48

Mileage, 60 per cent of United States, total 140 000

Men directly affected 30 000

Monthly loss to men in wages $1 500 000

Monthly loss to railroads estimated $10 000 000

Chicago Ill March 16.—Danger of an imminent strike of 27 000 locomotive firemen, the throwing out of employment of more than 125 000 other employes and the temporary suspension of business on practically every railroad system between Chicago and the Pacific Coast was averted yesterday through the acceptance of offers of mediation from the Federal authorities at Washington

**Asked by Managers.**

At the request of the general managers of the forty-seven Western railroads involved, Chairman Martin A Knapp of the Interstate Commerce Commission and Commissioner of Labor Charles P Neill telegraphed an offer of Federal mediation to the union officials This offer was accepted W S Carter, president of the Brotherhood of oLcomotive Firemen and Enginemen stipulated that action must begin without delay

**At Eleventh Hour.**

The appeal to Washington was taken as an eleventh hour move to prevent a walkout, which, it was declared threatened the greatest railroad strike since that of 1894 Thirty-seven members of the Western Federated Board of the Brotherhood, at midnight last night, formally voted for a strike The hour for striking had been set for next Monday morning, and the members were prepared to start for their homes some of them as far as the Pacific Coast, to put the strike into action when the mediation steps were taken

**Coming to Chicago.**

It is stipulated that the mediators will come to Chicago According to Mr Carter their function will be, not to arbitrate the matters in dispute but to determine what shall be arbitrated The question involves wages which both sides have agreed upon as arbitral, and two other technical points involving promotion and representation of the union, which the Brotherhood contends are but which the railroads claim are not arbitrable

If the mediation falls through, the strike will go right on as planned said Mr Carter

**Acceptance Telegraphed.**

The acceptance of mediation was contained in the following telegram sent by the brotherhood

Hon Charles P Neill Commissioner of Labor Hon Martin A Knapp Chairman of the Interstate Commerce Commission Matters in controversy involve conditions of employment and increases in wages Committee preparing to leave city but if assurance is given that mediation will begin immediately and in the city of Chicago authority for the men to leave the service of the companies will be temporarily withheld The fact that we have proposed arbitration on all matters in the controversy and the fact that the managers committee have rejected our proposition does not lead our men to expect a settlement from mediation but as evidence of our fairness will accept your friendly offices under the conditions named herein. Please answer promptly

"W S CARTER"

In a statement given out tonight the general managers' committee said All prospects of a strike are over There will be none Settlement of the whole controversy by mediation and arbitration is assured

Mr Carter received a telegram announcing that Mr Knapp and Mr Neill would arrive in Chicago Thursday morning

The editor of the Mangum Star, Giles W Farris, has decided to gratify the wishes of his friends and enter the race for the democratic nomination for state printer This will be good news to every man who knows Mr Farris, and especially so to the newspaper men of the state Mr Farris is one of those men whose education was obtained beneath the roof of a country printing office, from where some of the strongest characters of the country have graduated Since he was 11 years old he has worked at the business, and as foreman of the Mangum Star his executive ability and knowledge of those things that go to make up a first-class newspaper, he built up a large plant and when the office was recently taken over by a stock company he was made editor and manager During the years he has been engaged in the newspaper business he has not only won the confidence of those with whom he was immediately connected, but of every man with whom he has come in contact His strongest and most loyal supporters are those who know him best, and if nominated and elected, which he surely will be, the state will have a competent and able man in control of its printing bureau—Alva Daily Pioneer

## HOUSE ADOPTS REPORT ON FEE AND SALARY BILL

### IS SUCCESSFUL WHEN DEMOCRATS CHANGE VOTES

### Report Differs Slightly from the One Given Monday Night—The Salaries

Guthrie, Okla March 16—With but two votes to spare the House today adopted the conference committee report on the fee and salary bill As it was Representative Ross of Commanche and Smith of Caddo were Democrats egistered against the measu e on final passage and until Bell, Gilmer Glover and Lewis Democrats changed their votes from the negative to the affirmative side, the bill was defeated Other negative votes were Republican members This done Mr Durham of Pottawatomie County, who has been one of the fee and salary exponents in the lower house clinched the victory by a motion to reconsider, and table, which prevailed

As adopted the report differs slightly from that given Monday night A minimum salary is fixed which covers counties of 7,000 and less population, which affects Cimmarron County, the following being the salaries there District Clerk, who is also Register of Deeds, $1,000, County Clerk, who is also Clerk of the County Court, $1,000, County Treasurer, $900, Sheriff, $1,200, County Judge and Attorney, $1,350

**Rated by Population**

The law then begins at 10,000 population, the minimum salaries on that basis being as follows County Clerk, Clerk of the Superior Court, Treasurer, Register of Deeds, $1,800, Sheriff, County Attorney and County Judge, $1,500 Each officer so named receives the foloiwng additional compensation, based on population From 10,000 to 20,000, $50 for each additional 1 000 population, 20,000 to 30,000, $25 for each additional 1,000, 30 000 to 40,000, $15, 40,000 to 60,000, $10 for each additional 1,000, thus making the increase from the minimum to maximum salaries $1,100 for each of the offices Under this progression the maximum salaries in counties of 60 000 population will be County Clerk, Superior Court Clerk, Treasurer and Register of Deeds, $2 400 Sheriff County Judge and County Attorney, $2,600

The bill establishes a flat salary of $3 000 per year for all offices before named in counties of more than 60,000 population, which was done to cover Oklahoma County, and is the only one so affected

Clerk of the County Court, who is appointed by the Judge receives $900 per year in counties between 10,000 and 25,000 population, $1,200 in counties between 25,000 and 50,000 people, and $1 500 in counties over 50,000 people Stenographers may be appointed by the Board of County Commissioners and receive $75 per month in all counties up to 50,000 population, and $100 per month in counties over 50,000 population

Judge of the Superior Court receives $2,800 in counties of 50,000 and less, and over that population $3,000 County Superintendents of Health in counties of less than 10,000 people receive $5 per day when serving, in counties of 10,000, $200 per year, 20,000, $300, 40,000, $500

**Positions Combined**

In counties of less than 1,000 people the County Clerk is also Clerk of the County Court and the District Clerk is also Register of Deeds Counties with less than 1,500 people, and an assessed valuation of property in excess of $9,000,000, shall be considered as though the population was 20,000 Population of counties is to be determined upon the 1910 Federal consus, and increased or lowered according to subsequent Federal Counts

In a clerical way the Clerks of Court, etc., may have assistants who receive from $75 to $100 per month according to population, Deputy Sheriffs retain 75 per cent of the fees earned and collected by them, and office deputy in counties of over 25,000 receive $75 per month, thereafter increased according to population, and in no event shall any Deputy Sheriff receive more than $1 200 pe year Sheriffs get expenses when pursuing a criminal beyond the limits of their counties and within the State

The bill passes without an emergency clause, and does not become effective until ninety days after the legislature adjourns, and between that time and the general election only affects such officers as are now paid fees Salaried officers continue as at present until their terms expire All fees save where noted are remitted to the county treasurer, and the officer receives his salary monthly

**Sheriffs Criticised.**

At the close of last night's session the House adopted a resolution by Mr Bell of Caddo County criticising the State Sheriff's Association for maintaining a lobby at the State Capitol They were referred to as "bold and defiant," and the resolution declared that the Legislature should be permitted to perform its work without being intimidated, threatened or bulldozed" The resolution speaks of the million and a half people in Oklahoma as taxpayers, and the sheriffs as tax eaters

Evidently the resolution was not relished by some of the House members, for this morning another was introduced condemning the Bell resolution of yesterday The Bell resolution was reconsidered by a vote of 68 to 11, and then the House indefinitely postponed both resolutions

**Procedure Unusual.**

Although twice killed and supposedly buried the House injected life into the Senate bill creating the office of county assessor, and displacing the township assessors, by a procedure somewhat unusual in legislative bodies A motion was made to reconsider the vote of defeat taken several days ago Mr Ross asked that the bill be returned to committee of the whole with instructions to provide for township assessors, for which Mr Durant offered a substitute to retain the county assessor idea It was mutually agreed that a test vote would be taken, and the house so accepted whether it should be the county or the township idea The Durant motion received 57, and the Ross motion 37 votes The house then took up the twice-killed measure from the senate and passed it as previously amended in the house by a vote of 57 to 37 without an emergency clause

The bill making Thomas a county court town in Custer County was agreed to and passed and the house added the emergency clause to the bill passed yesterday fixing salaries in the school land department

**State Dispensaries.**

In considering the house bill which abolished the state and local dispensaries, and ordered immediate destruction of all confiscated liquors, the senate substituted most of the Billups bill of the regular session, partially reaching the same end As it stands, all local agencies are to be abolished, and the state agency is limited to the sale of alcohol for scientific purposes There would be no sale of whiskey, beer or wine by the state for any purpose under the senate's action For the requirement that confiscated liquors be destroyed immediately upon seizure, the senate substituted that portion of the John Burnette bill which requires shipment of confiscated liquors to the state agency at Guthrie, as soon as adjudicated to the state

The state agency is to sell the liquors outside the state to the best advantage, and after retaining 10 per cent of the net proceeds, as commission, remit the remainder to the county, city or municipal townships where the seizure was made, and there to be applied to the salary fund No attempt was made to adopt the provision for suspension by petition to the governor or officers failing to enforce the prohibition law

**To Help High School.**

Guthrie, Ok, March 16—The city school board has decided to abide by a former decision of asking for a bond issue of $60,000 for additions to the school Election to vote bonds will probably occur before April The manifest need for $100,000 was admitted by a majority of the board, but they feared the larger amount would fail to be acceptable to the people

**Found Curiosity.**

Frederick, Ok, March 16—Samuel Kent found a curoisity this week while digging a well on his place ear Hollister. When down about 11 feet he struck a place with oyster shells and several bones, resembling the bones of a human arm and hand.

# DEMOCRATS AND INSURGENT REPUBLICANS CAPTURE HOUSE

### FOR THREE HOURS CANNON'S REGULARS ARE REPULSED.

### Contingent Fund of Speaker's Office Cut Down From $75,000 to $50,000.

Washington, March 15—The democrats and the insurgents captured the house and held it for three hours this evening, just to keep it fresh in Speaker Cannon s mind that they are still in the running In these three hours the insurgents, with the aid of their Democratic allies, cut down the contingent fund of the speaker's office from $75,000 to $50,000 and struck out all authority to repair and maintain the speaker's automobile at government expense They also reduced the contingent expense of the vice president of the United States from $50,000 to $35,000 That is, they did these things if the house does not tomorrow restore them But what gave the insurgents and the democrats the greatest thrill is the fact that three times on roll call they defeated the Cannon machine

The house in committee of the whole had spent the afternoon on the legislative appropriation bill That bill carried, among other things appropriation of $50 000 for the contingent expenses of the office of the vice president, including, among other items, "maintenance, repair and driving' of the vice president's automobile The appropriation for the contingent expenses of the office of the speaker of the house was $75,000 including among the items for which it could be used maintenance, repairs and driving' of the speaker's automobile The cars in each case were purchased last year at the cost of the government, the price being $7,000 for each

It became noised abroad that there was something going on, and as soon as the bill came out of the committee of the whole Representative Bennett moved to recommit in order to avoid amendment on the floor of the house, and on that motion he moved the previous question Had his motion carried the bill would have gone back to committee without instruction The insurgents demanded a roll call, and the bells all over the house office building began to ring a hurry up summons for members On the motion for the previous question the regulars voted yes and the insurgents and democrats no The result was the defeat of the motion, 106 to 93

Mr Foster of Illinois a democrat moved that the bill be recommitted and the committee be instructed to reduce the appropriation for the vice president to $35 000 and for the speaker of the house to $50,000, leaving out all mention of the maintenance, repairs and driving of the automobiles in each case Mr Gillette of Massachusetts, a regular moved to adjourn to avoid a vote Mr Gillett's motion failed, 110 to 57 Speaker Cannon at first had given the preference to regulars, but he now recognized Mr Foster of Illinois, who renewed his motion to strike out the references to the motor cars and reduce the contingent accounts On that motion there was another roll call This time the result was 113 for Foster s motion and 100 against

The bill will go back to committee, and these items must be stricken out Unless the house shall change its policy, when the bill come up for final passage Speaker Cannon will pay for his own gasoline grease, repairs and chauffeur this year The matter in controversy was not of so much importance to the insurgents as their desire to let it be known that if they are to be read out of the party they will at least make themselves heard before they go

### Original Manner In Which Sweetbreads May Be Utilized to the Best Advantage.

Parboil two pairs of sweetbreads in salted water to which a piece of garlic and onion have been added

Throw into cold water with a little lemon juice and let remain 20 minutes Remove all pipes, skins and fat Put through a meat chopper with two hard boiled eggs, a small piece of garlic, a sprig of parsley half a can of good mushrooms, drained, and one truffle To this put half a teaspoonful of Worcestershire sauce a dozen drops of tobasco half a teaspoonful of lemon juice, a good pinch of paprika and white pepper, a little mace and salt to suit taste Put over a fire half a cupful of the water the sweetbreads were parboiled in with a cupful of good rich milk When just warm stir in smoothly a heaping tablespoonful of butter blended with two tablespoonfuls of flour Simmer slowly two minutes then add the volks of two eggs well beaten Add the sweetbreds but do not boil Spread on large dish to cool then form in any shape desired Run through meat chopper enough blanched peanuts to make a cupful of fine crumbs Dip the croquettes into this, then into beaten egg volk again into the nut crumbs coating them well and pressing the crumbs into the croquettes well Set them aside three or four hours to dry

They can be made the day before if needed drying all night

Fry a rich brown in clarified butter Garnish with parsley and large queen olives (stuffed Spanish) and cut into halves These are delicious hot or cold

## THE USE OF CANNED GOODS

### Quality Will Be Improved by Attention to Details as Herein Set Forth.

Commercial canned goods may be advantageously bought by the dozen in the autumn, and they do not seem to suffer from even a poor storage place, provided it is not so damp that the cans rust through If dirty or dusty, the cans should always be carefully wiped before they are opened, to prevent accidental soiling of the contents

Vegetables and fruits canned at home and home made jellies, jams, and similar foods should be kept in dry, airy storage places, out of direct light The cans and jars used should be of good quality, and all the usual precautions of good rubber rings (if they are used), and so on, should be taken

Canning may also be made use of daily for temporary preservation of foods, and it is especially valuable where ice chest facilities are not good When making soup stock a large quantity is made as easily as a small, and the surplus may be poured while hot, into fruit jars and sealed Boiled milk may be thus canned, and cooked vegetables which may be at the time plentiful or cheap Mince meat may also be canned, but it will keep a long time in an ordinary receptacle if melted suet be poured over the top

Such canning, especially of soup stock or milk, is only recommended for a few days' keeping, and every precaution should be taken that is familiar in the ordinary canning of fruit or vegetables

## WHEN HER BACK ACHES

### A Woman Finds All Her Energy and Ambition Slipping Away.

Ada women know how the aches and pains that come when the kidneys fail make life a burden Backache hip pains headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease Doan s Kidney Pills permanently cure all these disorders

Can Ada sufferers desire stronger proof than this woman s words?

Mrs H L Sadler of Coalgate, Ok, says 'Doan's Kidney Pills did more for me than any other kidney remedy I ever used I suffered for more than three years from kidney disease in a severe form My back ached constantly and there were dull bearing down pains through my loins I was also subject to dizzy spells and at times my sight became blurred When the attacks were at their height I was helpless and had to sit down I doctored and tried everything I could think of in the hope of finding relief but I was only helped temporarily Finally I procured a box of Doan's Kidney Pills and shortly after beginning their use, I received a complete cure '
